

KIMBERLY J. MUNSON

27 year trial practice, primarily handling cases received from insurance carriers including first and third party cases, as well as coverage opinion requests. Handling a variety of cases for multiple insurance carriers through auto policies, homeowner's policies and umbrella policies has meant that practice was never dull. The cases ran the gamut from: ATV accidents, house explosions, dog attacks, auto accidents, trucking accidents, accidental discharges of firearms, neighbor disputes, property owner association disputes, defamation, drownings, head injuries, "friendly suits", DTPA claims, trampolines, paintballs, water losses, foundation damage, coverage questions, *Soriano* analysis, Alzheimer's as a defense, wrongful death and so many other interesting and varied cases. Outside of the cases received from insurance carriers, my practice included some plaintiff's personal injury work as well as litigating non-compete agreements, contract issues, and receiving multitudes of Guardian Ad Litem appointments. In the past 10 years, my practice has also included mediations. Interestingly, I get repeat mediation requests from both sides of the bar. I have completed numerous jury trials in state and federal court as well as bench trials and summary jury trials. I am direct and listen intently.

- + State Bar of Texas (1994)
- + Mediation Training (2012)
- + Elected a Fellow of the Texas Bar Foundation
- + Member of the Collin County Bar Association
- + Member of the Board, ADR Section, Collin County Bar Association
